**MINISTRY RECEIVED**

David

So there you have it and my ministry must have been received as they all requested I give them further days to preach again. **It cannot be said we were not a Gospel Standard cause because Gospel Standard Baptist only engage preachers sent by another Gospel Standard cause.** The Association of Grace Baptist Churches knew nothing of our practices and Mr Whitmarsh the Secretary had no idea or knowledge of our custom and practice. Our Church would not have appointed or chosen that Association as it's Trustees because they were not Gospel Standard Baptists, as any Christian having any knowledge of Church History will tell you.
