

The Gospel Church Introduction  
3rs August 2021, by David Clarke

On my return from our Trojan Horse Mission to the Jails Of The Philippines in 2003, I sought to join in fellow ship with like minded believing Christians. This was because we are encouraged to do so. How ever joining a church is a serious business and not without its difficulties, in this day in which we live. When I tentatively enquired if I would be considered for membership of a Gospel Standard Strict Baptists Church I was informed I would not be accepted in membership of any Gospel Standard church in the UK or abroad., This was because he disagreed with my understanding and belief with respect to the Sabbath day I maintained the Mosaic Sabbath was a shadow of the gospel rest we have in the Lord Jesus Christ and that the Lords day is not a substitute Mosaic Sabbath with all the rules and regulation associated with being under the law.

The reason for my seeking membership with a Gospel Standard cause was because i am a sent minister of the Bieron Strict and Particular Baptists, in 1982, which was a Gospel Standard cause. However due to the Biero Church forsaking their doctrinal position relating to Particular Redemption I withdraw from the communion of the church, as matter of conscience My Membership of the Bieron Church was never terminated by the Church and during my mission work in the Philippines in 2003, all the Bieron church members died and so I alone am left.

For the past, almost years, or so I have devoted my self to reading, writing and publishing Christian doctrinal books on all those important subjects any Christian Church will have to deal with today.

Also due to the evident current need for Christians and ministers today I have begun a series of readings from Dr. John Gill's Body of Doctrinal and Practical Divinity, all available on Youtube and PDF text.

This is something I wish to encourage Past William Poloc and his Christian pastors to make themselves aware of as the will most certain ally need to understand and be governed by scripture on such issues. It a subject that is currently necessary here in the UK. I also wish to encourage Red Dizon, Andy Dolin and also Anil Anwar, in Pakistan, to study and be aware of the subject in hand.

The first in this series:

- 1 The nature of a Gospel Church or The Church the seat of Public Worship
- 2 The Duties of Church Members to each other
- 3 Of The Officers, Particularly of pastors
- 4 Of the Duties of Members to their pastor
- 5 Of the Office of Deacons
- 6 Of Church Discipline.

All of these things we do not learn about when we are first called from darkness to God's marvellous light but as we mature we soon realise the need to understand what the bible has to say on these matters.

Please don't skip over these subjects as it is important you be aware of what the bible has to say on these matters.
