

The Books

The following books were sent to the Association of Grace Baptist Churches Ltd and will be delivered on the 25th May 2022, to the Association, at 7 Arlington Way, London.

These books outline Mr David Clarke's claim to be the rightful heir of the Bierton Strict Baptist Chapel.

The Association took over the responsibility of the Bierton Chapel, after most of the church members had died and after the existing trustees wished to resign as they were too old to continue. The last worship meeting, in the Bierton Chapel, was held on 22nd December 2002.

David Clarke was a member of the Bierton church and had joined the church in 1976, but had withdrawn over matters of conscience, in June 1984. This being because the church would not to correct the error of teaching General redemption instead of particular Redemption, as set out in out trust deed of 1831.

Mr Clarke remained a member of the church as the church did not terminate his membership as according to their strict rules relating to membership only the church can terminate ones membership and the church wanted him to return.

In August 2001 David Clarke continued his ministry, being a sent minister of the Bierton Church in 1984, to the Jails and churches of the Philippines, where he met and worked with William O Poloc who was sent, as a missionary by the Trojan Horse Mission of which David Clarke was the director, to preach in his own City in Baguio, Philippines.

In December 2002 the last worship meeting was held at the Bierton Chapel as all the former members died, which was at same time as William Poloc and David Clarke were on mission work, in Baguio City, from August 2002 to January 2003 preaching and teaching the gospel.

Upon David's return to the UK, in 2003 the Association of Grace Baptist Churches denied that he was a member of the Bierton Church, refused him permission to use the chapel and went ahead, registered the chapel in their own name, with H.M. Land registry and sold the Chapel, in 2006 as a domestic dwelling. This was against the terms set out in our trust deed as only the church can elect new trustees. The Association of Grace Baptist Churches were not elected by the Church as their trustees.

In 2005 A memorial meeting was held and an obituary address given, at the death of David's brother who was one of the Directors of the Trojan Horse Mission, to the Philippines, in the Bierton Chapel graveyard, since the Association would not allow the meeting to be held in the Chapel.

These four books tell the whole story

Bierton Strict and Particular Baptist and the Association of Grace Baptist Churches LTD, and tells this story and of the testimony of William O Poloc and Christ Centred Churches.

Bierton Strict and Particular Baptists, tells of my conversion from crime to Christ and call to preach the gospel and life in the Bierton Church.

Let Christian Men Be Men, tells of David's defence particular redemption, at my time at the Bierton Church, over matters of

conscience and about his membership to the Bierton Church

Trojan Warriors confirms the matters related in William's letter and of my ministry as sent minister of the Bierton church as sent to the Association in support of this claim.

It is believed that the Lord will answer this request for William Poloc and David Clarke to speak to the Association of Grace Baptist in the UK, about this matter in a righteous way in the fear of God and to do what it right and just and to the honour of the Lord Jesus Christ.
