Romans 9 1-8 I am speaking the truth in Christ I am not lying my conscience bears my witness in the holy spirit that I have great sorrow and increasing anguish in my heart for I could wish that I myself were a cursed and cut off from Christ for the sake of my brothers my Kinsmen oh I missed the last oh my Kinsmen according to the flesh they are Israelites and to them belong the adoption the glory the Covenant the giving of the law the worship and the promises to them belong the Patriarchs and from their race according to the flesh is the Christ who is God over all blessed forever amen but is it is not as though the word of God has failed for not all who have descended from Israel belong to Israel and not all who are children of Abraham because they are his offspring but through Isaac shall your Offspring be named this means that it is not the children of the flesh who are the children of God but the children of the promise are counted as Osburn let's pray thank you Lord so much for everything we have I thank you for this day I thank you for this building that we can come to worship you and that we can learn thank you for David and his uh studying your word um and showing these things to us I pray that you would also help us all just get into our Bibles on our own and also just do our own studying every day just get into your word as much as possible I pray that you would just be be with us this week uh be with anyone who may need uh your healing or um just your help through through life and help us be good witnesses to all the people we come in contact with at work I just pray that you would help us to love more um and that you would just uh be with us in everything we do amen thank you
Jeremy
all right uh if you have questions that you're texting in please get them text

in early so we can get them answered
seems like as soon as I walk out of the pulpit I get a bunch of questions you
know so you can ask them anytime you
want during the message I'm not going to answer them till the end but you
know of course maybe you'll ask a question then
five minutes later I'll answer it so because it'll be in the message
but all right good morning Brians I'm
sure unless you've been living under a rock that you know that last Satur-
day
okay now this has caused Christians to go crazy about Bible prophecy
because
anything happens over there at Israel that's that's Bible prophecy and they
go you know what was fascinating to to me
is the number of sermons preached last Sunday and I'm thinking wait it
happen Saturday morning is not even 24 hours
it's like these preachers are you know going away at it and I'm thinking I
must be behind the scenes a little bit you
know I'm coming in a week later but uh but you know I'm hearing and just
pick
one you know anyone on just go on YouTube you can find them all over
we're hearing things like this is the beginning of the
tribulation the Rapture is about to happen the Lord's going to return at any
moment and before we look at what the
Bible does say about Israel let's talk for a minute about what they tell us is
happening right now so let me ask you this did Hamas attack Israel on
October
Israelis wasn't there thank you I don't know I don't know and neither do
you as
I've said many times they Li to us about everything and I mean
everything they have lied to us about everything they're still lying to us
about
everything I mean why would you believe you know what they're telling us
you know it say Well everybody's
believing it you know yeah they are but why here's the here's the real ques-
tion
why would you believe what the mainstream media is telling you who
owns
and runs the mainstream media C the what CIA okay well it's yeah I think
they're
probably involved in it I mean we know they're all in the thing but listen it

is owned by they say they're Jews
they're not Jews they're the Kazarian Mafia owns all media in this country
wherever they put out what they want to put out and you hear what they
want you
to hear okay so all I'm saying is we need to be a little Discerning when we
hear this thing you know initially they're putting out oh they're beheading
babies they're burning babies and a
reporter reported this and then a couple days later she goes I apologize for
that that's not true but I heard that so I
just repeated it
okay well this attack supposed attack on Israel and I don't know I wasn't
there
is being blamed on Hamas so let's talk for a minute about who Hamas is
where'
they come from what is what is Hamas we don't I don't think we people
here understand all that much of what's going
on over there but the Palestinian armed group Hamas takes its name from
an
Arabic acronym that in English stands for Islamic resistance
movement Hamas was formerly established in December of 1987 by shik
Ahmad
Yin after the outbreak of Palestinian Uprising known as as the first INF
fatata Hamas declared that liberating Palestine from Israeli occupation was
every Muslims religious Duty Hamas entered politics in 2005 and
won a landslide victory in parliamentary elections the very next year beat-
ing its
rival F now a year later disagreements between them led to an armed con-
flict
that would end with Hamas being in charge of Gaza while fat moved to the
West Bank
and took over the West Bank basically here's what I want you to understand
about Hamas Hamas was
created by Israel okay they created him it's just
like you know when Ben Laden CIA created Ben Laden okay then we went
to war with
them all right Israel former Israeli officials such as Brigadier General ysah
sigv who was one of the Israeli military governor in Gaza in the early 1980s
Sig
GI later told the New York Times Reporter that he had helped finance the
Palestinian Islamic movement as a

counterweight so they created Hamas as a counterweight to the secularist and leftists of the Palestine Liberation Organization and the fata party later yaser Arafat who himself referred to Hamas as a creature of Israel so they created it they helped build up its military and then now they are at war with them trying to bomb them besiege them and blockade them out of existence okay they created something they can't handle as a problem all right but they created him what I find interesting about this whole thing is that many people are likening this attack in Israel to 911 okay and I think that's really incredible when you think about it okay when you think of 911 what do you think of government the thing that comes to my mind is false flag okay now saying something's a false flag doesn't mean it didn't happen okay Miriam Webster's Dictionary defines a false flag this way a hostile or harmful action such as an attack that is designed to look like it was perpetrated by someone other than the person or group responsible for it yeah so we have we have 911 and that was supposedly the Arabs coming over here and blow that's ridiculous okay that was all George Bush that was a you know I I sat there and watched it happen and when I watched it on TV I thought that that building that was controll Demolition I mean it just fell right into its footprint I'm like I've seen that before that didn't happen by a plane hitting the 100 floor but we don't think anymore we just hear what the media tells us and we buy it all right just think about what they're trying to tell us what happened okay a bunch of uh Palestinians Hamas basically with gliders with lawnmower engines on them okay they flew into Israel and they stormed the gates they broke through the gate they re basically got no resistance from Israel they're shooting homemade Rockets over there now here's what we have to understand Israel has one of the most technically Advanced armies

in the world they're the world's leader in surveillance and security so think about this okay how'd they do this all right they have the most secure Border in the world Israel's Massad which is their version of the CIA has a reputation of being the best in the world for identifying and stopping threats they have the Iron Dome you know what the Iron Dome is it's a missile defense system all right that is very very effective the Israeli Defense Forces the IDF said the system boasted 95.6% success rate during rocket attacks it totally failed this day yeah Israel says they were completely surprised by this attack and if you know anything about Israel you're like no come on now if a cat walks by that wall they know it I mean this is it's just it they push this on us because I guess they just figure hey they'll believe anything anything so they just give us this junk so you have to ask yourself okay 911 if Israel knew about this and I'm sure they did and and Egypt is saying they knew other branches are saying they knew they knew this was coming and they're saying oh no we we had no idea I can't believe that why would they allow this to happen and kill so many of their citizens well you have to ask the same questions about happened we wanted to go to war all right the powers that be the Deep State they wanted to go to war the people were not for war okay what happened after jump in there and get in a 20-year War that's what happened because of 9911 well that's exactly why this happened in Israel Israel wants to go to war they want to wipe out Gaza okay and Gaza is basically the only land the Palestinians have left but they don't like them there so they want to wipe it out and this is now people are behind them you know you see all the churches and they're flying all the flags you know we're for Israel we stand for Israel go get those Palestinians a lot of those Palestinians are believers they're Christians okay and we'll talk a little more about God in a minute but please understand this this is a key factor that we have to

get

there's a difference between Palestinians and Hamas Palestinians do not equal Hamas Hamas is a terrorist organization that works within Palestine

okay but they're not the same people of the Palestinians don't even like Hamas

okay they're ruling they're the ruling party now in Gaza but they don't like it

CU like I said many of the Palestinians are Christians but it's just just amazes me that you know Christians are now

yelling and screaming they want to go over there and wipe this place out Gaza is four miles wide 25 miles

long and is considered by many as the largest open air prison in the world I say prison because it's all walled in those people cannot leave it they cannot come in and everyone's asking where did

they get that Weaponry to even do an attack Israel knows everything that comes in and goes out of that place

Israel controls that place their water their electricity everything and right now they want to shut all that off and

basically just starve these people to death the average age in pales in Gaza is 17 years old lot a lot of kids over there

okay so Israel has announced the siege they're blocking all food all water and all fuel from

Gaza actually the Gaza Strip has been locked Lo down since

constantly torment them they constantly make raids on Gaza breaking in their houses destroying things taking

things but you know many politicians they want us in war because War makes a

lot of money and so they're pushing us you know now Iran's you know rattling Sabers and you know you mess with pal

you mess with God and we're going to you know so yeah and that encourages them they want World War III a lot of people

make money and which just really frustrating to me is Christians

are going nuts with their support of Israel you know they're just going oh they got the flags flying they got all

this stuff going on okay go full screen for me please um this is Pastor Greg Lo

lock of global vision Bible Church in Tennessee you think maybe they support

Israel see they got the big flag in the background then people on the stage

got the flags and and then that's Greg lock
with his little prayer Shaw on there you know just letting you know how
much he supports Israel because boy that's he
wants everyone to know that listen to what he has to say okay what they
ought
to do is evacuate up their on the hill and get a great big missile and
blow that Wicked Dome of the Rock Plum off of the spot we're it's standing
right now so we can get that Third
Temple rebuilt and Usher in the coming of [Music]
Jesus do you even I mean let's blow up the Dome of the Rock so we can go
start
building a temple if they blew up the Dome of the Rock how long you
think it'd take them to start a temple a long time
because there'd be a holy war you talk about a war over there it's going to
take but see he wants to bring in the
coming of Christ he's going to do it wow one of the videos I looked at this
week was Pastor Mike Hammer because he he was one who was on it last
week and so he had his message ready and last
Sunday he preached and he said this we are seeing prophecy unfold before
our very eyes with what took place this
weekend with this war in Israel all right let me say this
okay this war in Israel has Absolut absolutely nothing to do with Biblical
prophecy it's got nothing at all to do
with the Bible okay he goes on to say when Israel is
attacked by is attacked any serious Bible any student of the Bible and any
serious follower of Christ wants to know what in the world's going on and
what does the Bible say about some of these
events that are happening the Bible doesn't say anything
about it I consider consider myself a serious student of the Bible and I'm
not asking those questions cuz I know the
Bible teaches this is so important people the Bible teaches that all biblical
prophecy all of it came to a completion was finished in
ad70 that doesn't mean it all stopped there's ongoing significance from this
fulfillment of many of it the church is
still going on but it all was fulfilled all pointing to this all was fulfilled
in 80770 with the destruction and removal of the temple in
Jerusalem all done look at Luke 21:20 and 22 when you
see Jerusalem surrounded by armies now not you not when you see it that's
how
dispensationalists read the B oh look at when we see doesn't say you this

was spoken by the Lord you know back in the first century he was speaking to people and that's who the you is when you see it he says then let those who are in Judea flee to the mountains if you're in Judea he said and you see this get out of there what mountains are we supposed to flee to today you're not talking to us and let those who are inside the city depart so we got to get over there so we can get in the city and depart right and that none of those who are in the country enter it and then he says these are the days of Vengeance to fulfill all that is written and that's what it means all that is written all prophecy was fulfilled in this destruction every bit of it now Mike Hammer went on to say something prophetically and biblically important has happened this very weekend and they're getting all excited about this okay no it did not but he says this and I love this you got to tell me what you think here he says they speaking of Hamas they have 0% chance of destroying Israel because God is the protector of Israel um so nobody can destroy Israel this guy doesn't know much about history does he huh Look What the Lord said in Matthew 24:2 truly I say to you there will not be left here speaking of the Jerusalem the city one stone left upon another nobody thrown down so the Lord predicted this was going to happen ad70 it happened the temple was destroyed that was it it was wiped out and people here's what we have to understand biblical Judaism has not existed since ad70 okay no they just after the temple they got restarted again no they didn't they changed everything okay they say we're Jews they're not Jews all right they're Kazarian but they want to go on with the No No More sacrifice nobody has sacrificed an animal in Judaism since ad70 if you don't have sacrifice you don't have Judaism there's no priesthood because there's no record of the priest so without priests you don't have Judaism so there is no Judaism there no Jews today they might say they're Jews it's more like a club or religion it's got nothing to do with ethnicity and and I would ask Mike here I said why didn't God protect

Israel back in
then see and most the church believes this kind of nonsense all this proph-
ecy
hype is caused by faulty theology particularly
eschatology and one of the biggest problems that American Church faces is
the Theology of Christian
Zionism which is the predominant view in churchianity today that's what
most
Christians believe and that's why we got to stand by Israel oh they're they're
special and whatever they do they're
right and we just got to stand by them Zionism is a political movement
built on the belief that the Jewish people here's a problem there's no Jewish
people ethnicity there's no
ethnic Jews today the Jewish people deserve by right to possess the land of
Palestine as their own that's Zionism these people deserve this land well
these people are not Jewish and they don't deserve that land because guess
what there's other people living in that land called Palestinians okay they're
just they're living there that's their home all right let me give you a little
history
about how Zionism came about through Darby's influence premillennial
dispensationalism became a
dominant method of biblical interpretation the most influential
instrument of dispensational thinking was what anybody got an idea
scofield
reference Bible
okay an early Darby disciple was William E Blackstone and he brought
dispensationalism to millions of Americans through his best-selling book
Jesus's coming printed in
right to Palestine and soon and soon would be restored there so this is how
it all got
started well Blackstone became one of the first Christian zionists in Ameri-
ca to actively Lobby for the Zionist cause
in England the social reform former Lord Shaftsbury who was also a disci-
ple of Darby turned Zionism into a political
agenda so it started kind of religiously and then it got into politics and
Shaftsbury is credited with coining an early version of the slogan adopted
by
Jewish Zionist father Max nordal and Theodore Hetzel and this is their
slogan
a land of no people for a people with no land it's really a bad slogan because

the land had people called Palestinians that were living there for thousands of years but they said oh they're not a people and these people these Jews that they don't have a land so we got to get them a land

okay this led to the Balfour Declaration and the Belford Declaration was an official statement issued on behalf of the British government in 1917

announcing its support in principle of a proposed home for Jewish people in Palestine it was drafted by British foreign minister Arthur J Balfour and concert with prominent Jewish leaders and the British cabinet and was issued

by Balfour in the following communication to the second Baron Rothschild on November 2nd so Rothschild is the Deep State player behind Israel

even coming into existence okay they got a purpose in all this but you know

Rothschild's in there it is not good here's what the Balfour Declaration said I have much pleasure in conveying to you on

behalf of His Majesty's government the following Declaration of sympathy with Jewish Zionist aspirations which has been submitted to and approved by the Cabinet His Majesty's government views

with favor The Establishment in Palestine of a national home for Jewish people and will use their best Endeavors to facilitate the achievement of this object it being

clearly understood that nothing shall be done which may Prejudice the civil and

religious rights of existing non-jewish communities in Palestine so they recognize oh there is people there we won't we won't mess with them we won't bother them this declaration which

Zionists interpreted as a promise for a Jewish state in Palestine was formally approved by representatives of the

Allied governments at Versailles in 1919 and was the basis of the League of Nations mandate for Palestine but notice the Balfour statement nothing shall

be done which may Prejudice the civil and religious rights of existing non-jewish communities in Palestine that was totally ignored

totally ignored during the late 1940s Zionist guerillas succeeded in overthrowing Palestine and driving the people out of there the ones they didn't murder this is so-called Israel

they went in there they slaughtered people now the result was disenfranchisement of over a million people who historically lived there this was their home Go full screen for me please hope you can see this chart 1947 look at Palestine and notice it's called Palestine it's not called Israel why is it called Palestine cuz that's what it was called if you look on any map before encampments or that's where some of the Israelites still lived okay then you go over to the next one and you say okay after this partition at the bfor Declaration they gave Israel this land now Palestine it's shrunk down you know they got half the land now then you go over to 49 to 67 and you see oh look there's not a whole lot of land left okay not much left there they got Gaza they got some of the W West Bank but then you look at the present day and they don't have much of the West Bank at all anymore they got the Gaza Strip that's what's going on well this is Gaza right here the Gaza Strip ruled by Hamas like I said it's four miles wide 25 miles long and is considered the largest open air prison in the world because there people can't come and go from there there's Gates on both both sides Israel heavily armed Gates people just don't walk in and out of there now some of the Palestinians are allowed to go into Israel and work you know and then they have to go back into Palestine but it the the relationship between Israel and Palestine has just always been bad okay and can you I don't know why the Palestinians would be upset because the Israelites came in and killed them and drove them out of their land I don't know why that would bother them you know but some reason it does bother them they're not really big fans of Israel okay and vice versa see Israel wants all the land and they got to get these Palestinians out now why don't they just go in there and drive them out because other countries won't let them do that okay Iran and other countries saying you mess with Palestine we're coming in there we're going to have a serious battle going on there so that's what keeps them but they don't want them there they want to get rid of them all right now you go back to the regular screen Elias sakor in his book Blood

Brothers if you've not read this you need to read it to understand what's happening over there and he's not anti-israeli he calls them he said they're our blood brothers okay but he talks about what it was like for the Palestinians as the Zionist gorillas took over their land he said they came into our house they told us you need to get out of the house grab your stuff and go they him and his family with his ancient grandmother they're out in the wood sleeping in the woods because they're driven out of their house they took over the place he said he was out playing soccer one day they're playing in the field and you notice something sticking out of the ground thought it was a stick went over to ground it was a hand an arm the whole village had been buried there they killed the whole village the Israeli gills killed the whole village and buried the Palestinians there so this is going on these people you know who are supposedly didn't occupy the land or being driven out of it and Christian Zionism as a modern theological and political movement Embraces the most extreme ideological position of Zionism they believe that God will restore Israel's ancient fortunes as a nation in the promised land so they got to get back to that land that's their land it belongs to them they well God told him it's not your land and he drove them out of there he wiped them out and sent them all into Exile so God has different ideas than most Christians today do about this whole area now accompany this claim is the conviction that Yeshua the Messiah will rule from Jerusalem and the Jewish people will believe in him they see the modern state of Israel as the the equivalent of biblical Israel and the Forerunner of the return of Christ Christian Zionism has become deeply detrimental to a just peace between Palestine and Israel because the zionists believe you don't belong on this land we got to get back to this land we're going to take this all over everything's going to be great grace Hassel who was an American journalist and writer learned by experience that what her church had taught her about Israel was a myth she summarizes the message of the Christian Zionist this

way she says Every Act taken by Israel is orchestrated by God this is what they teach if Israel does it it's God doing it and should be condoned supported and even praised by the rest of us never mind what Israel does says the Christian Zionist God wants us to support them so it's okay for them to block off Gaza cut off the water cut off the food cut off the fuel and let these young children just die over there because they don't like Hamas at least one in four Americans American Christian surveyed recently by Christianity Today magazine said they believed it is their biblical responsibility to support the nation Israel they got this confused with somehow their bibl there's nothing biblical about any of those people over there those aren't God's people that's not God's land that land is not holy okay it was holy the land that one time because it was set apart for God he's done with that land it's not holy anymore it's just dirt okay the Pew Research Center put the figure at 63% among white evangelicals that support Israel Christian Zionism pervasive with Mainline American Evangelical Charis atics and independent denominations and followers of Christian Zionism are convinced that the founding of the state of Israel 1948 and the capture of Jerusalem in going to establish Israel as a Jewish Nation forever in Palestine okay there's still they missed the Messiah they rejected the Messiah but now they're still looking for something else to come along Christian zionism's leading proponent today would have to be John hagggy okay who's one of the dumbest preachers I've ever seen okay and I say that because here's what here's Heggy's one of hey's belie let me let me say this he's a senior pastor of Cornerstone Church in San Antonio Texas it's a non-denominational charismatic mega church with more than 20,000 members his weekly programs are broadcast on 160 TV stations 50 50 radio stations and eight networks into an estimated 99 million

homes in 200 countries I say that to say he's got a vast Outreach here's how dumb this man is
okay I don't know if he's even read the Bible okay he pulls different parts out but he doesn't get a lot because he says
the gospel is not for Jews they have their own Covenant with God they don't need the gospel and if you don't know anything about the Bible you got to scratch your head and say who did
Yeshua preach to uh he was in Jerusalem right wasn't he in that area preaching who was he preaching to the Jews after the church started for 10 years they didn't go anywhere they stayed in Jerusalem and preached so for 10 years the gospel is going out and they don't need to do it because they don't even need the gospel how I
mean really people how dumb are you to think there's the gospel but they don't need it there's another see they have some other relationship with God that they don't even need the gospel well that's kind of crazy that Yeshua went and preach to those people all the apostles went and preach to those people who didn't even need it wasted 10 years that's you know I just it's hard for me to understand how well I guess it's not really here's the problem
Christians if you just read your Bible you hear this nonsense you'd say that doesn't sound right to me but most Christians don't and so they just sit there he's got a big church a lot of influence so they just buy into it whatever he says is Right Christian Zionism shows an uncritical tolerance of rinic Judaism an endorsement of the Israeli political right while at the same time demonstrates an inexcusable lack of compassion for the Palestinian tragedy and the plight of the the indigenous Christian Community in Israel and Palestine all these Christians are we're all for Israel and if anybody's for Palestine oh you're a terrorist supporter no I'm not for Hamas there's people in Palestine young people a lot of people there's Christian people there within the Christian Zionist worldview Palestinians are regarded as alien residents in Israel because they came in and took the land over and now they just don't get along okay now let me ask you a question why are all these Christian leaders so supportive of national Israel where do they get the idea that Christians are to stand and support Israel the nation Israel that has

nothing to do with the Bible but they think it does and the problem is again they don't know their Bibles that well
okay cuz the whole Tanakh is filled with promises that Yahweh made to Israel so
they read those and they they understand okay God promised the nation this and and this nation was uniquely chosen by
Yahweh to be blessed and to be a source of blessing to the whole world so yeah we just got to stand with them and that
is true that part so far look at Deuteronomy 7 6-8 you are a people holy to Yahweh your
God Yahweh your God has chosen you to be a people for his treasured possession
talking to Israel they're a possession of Yahweh a treasured possession out of all the
peoples are on the face of the Earth it was not because you were more number than any other people that Yahweh set
his love on you and chose you for you were fewest of all people but it was because Yahweh loves you and is keeping
the oath that he swore to your fathers that Yahweh has brought you out with a
mighty hand and redeemed you from the house of slavery from the hand of pharaoh king of Egypt it was to Israel
that Yahweh revealed himself it was Israel that received the Messianic promises and to mess with Israel was to mess with Yahweh and that gets repeated
over and over today you know people who don't know much about the Old Testament they know Zachariah 28 for thus says
Yahweh of hosts after his glory sent me to the Nations who plundered you and he
who touches you touches the apple of God's eye see this is their thing if you mess with Israel you're sticking your finger in God's eye Israel's gone the nation Israel's done they're gone they don't exist those khazarians over there are not God's
people but the Israelites were yahweh's chosen people look at Amos 31 and 2 hear the word that Yahweh has spoken against you oh people of Israel against the whole family that I brought
up out of the land of Egypt you only have I known known of all the families
of the earth now known here is not the idea oh yeah I know that person no it's

an intimate relationship it's a love it's like you know known okay an intimate love relationship Yahweh knows every single individual but he knew Israel in a special way they had a very privileged position and with privilege comes responsibility look at the last part of the verse which Zionist seem to miss therefore I will punish you for all your iniquities well God said you're a privilege and because of the privilege I'll punish you because of your sin see Israel became proud they missed the true end of all they had which was the coming of Yeshua for their sins now there are two biblical truths I think that Christian Zionists don't seem to realize number one because of Israel's Disobedience Yahweh is finished with the nation Israel Zionists don't get that at all they don't know about it e70s like skip the radar they just they're they're God's people they'll always be God's people doesn't matter what they do they're good second thing they don't understand who Israel is all right Paul refers to this loss of privilege in the first couple verses in Romans N9 that Jeremy read where he expresses his sorrow for his countrymen and his Readiness to suffer for them look what Paul says I could wish that I myself were a cursed and cut off from Christ for the sake of my brothers my Kinsmen according to the flesh his brothers his Kinsmen it's National Israel and Paul is implying here that Israel is no longer the people of God Paul's saying that Israel is no longer blessed they are in fact cursed because he said I wish I could take the curse for you he wished to take it for them because now they're cursed and so the question arises if Yahweh's chosen people are now cursed has Yahweh gone G back on his promises has he rejected his chosen people was Israel really cursed was Paul just bitter because he got beaten by Israelis so many times he's tired ah you're sick of you people well look at what Yeshua had to say about the nation Israel Matthew 21:18 these these Parables to me are so clear I don't know how how do people miss this stuff in the morning as he was returning to the city he became hungry he's

talking about Yeshua and seeing a fig tree by the wayside he went to it and found nothing on it but leaves and he said to it may no fruit ever come from you again and the Fig Tree withered at once was the Lord just having a temper T him because he was hungry he's hungry huh I'll curse this tree I'm hangry you know no that's not what this is about okay not at all the fig tree is used as a figure for the nation Israel throughout Israel's history Yahweh constantly hungered for his people to bring forth fruit the gospel writer spoke of the physical hunger of Yeshua as a Sy symbolic way of yahweh's hunger for fruit from his people and Yeshua pronounces a curse on Israel because of their failure to bear fruit and their ultimate rejection of him many of yeshua's Parables refer to Israel's rejection and thus their destruction 21:33 says here another Parable there was a master of a house who planted a Vineyard and he put a fence around it and he dug a wine press and built a tower and leased out the tenants and went into another country now who's the vineyard what's he talking about who's who's the Lord's Vineyard how do you know that give me a scripture how about Isaiah read five starting at one but I want what I want you to pick up here is notice what he's saying to this Vineyard that is his and now I will tell you what I will do to my Vineyard I'm going to remove its hedge that's not a good thing it will be devoured I will break down its wall it shall be trampled down boy that sounds just like what happened in 870s at Jerusalem I will make it a waste it shall not be prune or hod Briars and Thorns shall grow up I will also command the clouds that they rain no more upon it for the vineyard of Yahweh of hosts is the house of Israel so we don't have a lot of questions here about who okay the God's Vineyard is Israel and the men of Judah are his Pleasant planting and he looked for justice but behold Bloodshed and for righteousness but behold an outcry now this is God's Vineyard Israel it's yahweh's Vineyard now keep that in mind as we go back but he wants righteousness he wants Justice he's not finding it in

his Vineyard 21:34 when the season for fruit do near
he sent his servants to the tenants to go get the fruit okay time for the Har-
vest Go Get It Go Get the fruit what
is the fruit well we just saw it in Isaiah 5:7 Justice righteousness that's
what God's looking for justice and righteousness okay back to our te Mat-
thew 25:35 and the tenants took his
servants and they beat one and they killed another they stoned another and
he sent other servants more than the
first and they did the same to them finally he sent a son okay you get
what's going on here right I mean it's not complicated he sent them the
prophets they just stoned the prophets they killed the prophets I sent my
son
he sent Yeshua to them saying they'll respect my son but when the tenant
saw the son they said to themselves this is
the heir come let's kill him and have his inheritance and they took him and
they threw him out of the vineyard and
they killed them vineyard's Israel he got kicked out he got killed he's
prophesying what the Jews will do to him Matthew 21:43 says when there-
fore
the owner of the Vineyard comes what will he do to those tenants and they
said he will put those wretches to a miserable death
and let out the vineyard to other tenants who will give fruits in their Sea-
sons Yeshua said to them have you
never read the scripture so he's going to put those re wretches to a misera-
ble death again he did that in ad70 the
stone that the Builder rejected Christ has become the Cornerstone and this
was
the Lord's doing it is marvelous in our eyes therefore I tell you the kingdom
of God will be taken away from you Israel
and given to a people producing its fruit the Lord's telling them all this
stuff very clearly that because of the rejection of him the kingdom of God
will be taken from them we also see a very
similar Parable in Matthew 22 1-10 and these parables are teaching that
Israel
lost its privileged position in light of this the question
is has yahweh's plan changed is Israel's rejection as a nation of going back
on
his word cuz he promised them so many things so has he broken his prom-
ise well
there's two possible conclusions to be drawn here I think either the gospel

that Paul is preaching is false or else if it's true the promises of Yahweh to Israel have failed the Messiah and blessing to Israel were inseparably connected you get the Messiah you get the blessing and the Jews would say either Yeshua is not the true Messiah because he cursed and rejected yahweh's people or the word of God has proven false so yahweh's Justice and righteous are being called into question and this is I think relevant to us today because if Yahweh broke his promises to Israel what Assurance do we have that he'll keep his promises to us if Yahweh can't be trusted how do we trust him again there's two biblical truths that zionists don't seem to realize because of Israel's Disobedience yahweh's finished we talked about that the Lord told it all the prophets foretold it they're done second thing that we they don't get is they don't understand who Israel is okay that's one of the big problems and in Romans 9:6 Romans 9:10 11 is a theodicy you understand what a theodicy is a theodicy is the defense of God okay God is being accused and so this The Odyssey in 91011 is the defense of God God keeps his promise and so Paul in Romans 9:6 shows his readers which would be the first century Roman Believers and us today that Israel's rejection is not inconsistent with the promises of Yahweh to say that the nation is a cursed is not to say that yahweh's promises have failed here's the thing he says it is not as though the word of God has failed they're being accused of that and how do we know it hasn't failed for not all who are descended from Israel but belong to Israel it is not means but not such as or but not in a similar way in other words the word of God has not stumbled in a similar way as Israel when she rejected Messiah the complete Jewish Bible puts it this way which is pretty good but the present condition of Israel does not mean that the word of God has failed for not everyone from Israel is truly part of Israel okay so that's that's pretty clear now the word of God here means anything which God has spoken here from this connection it should be understood in more in a more

specific sense it's the Word of Promise and the covenants that are alluded to in verse four here it refers to the great promises Yahweh made to Abraham then to Isaac and to Jacob conferring blessing upon their seed and the phrase here has failed is the Greek word eipo it means to fall out of to fall down from to fail to be without effect Paul uses this word several times in Acts 27 in regard to his voyage it's used of a sailing vessel getting off course that it was intended to have and it's used of flowers fading so we could put it this way it's not as if the promises of Yahweh have gone off course all right so if yahweh's promises have not gone off course then how can Israel be a cursed when Yahweh made so many promises to them well Paul's going to teach us that that yahweh's promises have not failed hang on to this you're going to find this one hard to believe the promises of Yahweh haven't failed they've been misunderstood can you imagine anybody misunderstanding the promises of God can you imagine I mean he says behold I come quickly well we're it's still quickly 2,000 years I mean let's give them some time here don't rush them right so many of the promises of God have been misunderstood in the last half of the verse Paul explains how they were misunderstood I can't emphasize how important this verse is in understanding this he says not all who are descended from Israel belong to Israel this verse is key to understanding Israel and the promises of Yahweh the first question we must answer is who or what is Israel let's look at a little atmology first before we get into this verse okay Israel is a compound word from SAR meaning fight struggle Rule and L meaning mighty one or God so some have taken the name Israel to mean he who struggles with God but in Hebrew names sometimes God is not the object of the verb but the subject like Danielle Daniel means god judges not he judges God so Israel means means god rules or he who rules with God so that's what the name Israel itself means the first use of this term in scripture is

found in Genesis 32:28 then he said your name shall no longer be called Jacob but Israel for you have striven with God and with men and have prevailed now notice that the name Israel here is first given not to the nation but to Jacob Jacob is a type of Christ being for a Time the head of the Covenant as an individual with the name Israel he typifies the Redeemer who's going to be the true Israel so Jacob is called Israel Jacob marries two sisters Leah and Rachel with these two women and their Maids their handmaids 12 sons become the 12 tribes of Israel then all the people who were at the gate and the elders said we Are Witnesses May Yahweh make the women who is coming under your house like Rachel and Leah who together built the house of Israel so Jacob's sons are called the house of Israel that's a term that refers to the 12 tribes the nation Israel so Israel Jacob's sons were delivered from Egyptian bondage they became a nation at SII when Yahweh gave them his law he entered into a covenant with them now they're called the house of Israel Exodus 40:38 says for the cloud of Yahweh was upon the Tabernacle by day and the fire was on it by night in the sight of all the house of Israel throughout all their Journeys okay so this is this is the house of Israel this is the people of God now later the nation split the 10 Northern tribes are called the house of Israel the southern tribes are called Benjamin or Judah we're not dealing with that today okay so Israel is a term that was first given to Jacob then his sons are called sons of Israel later the house of Israel so the term Israel came to be used of the nation that God called out of Egypt they're Israel Israelites they're Israel all right that's what he called them and this is no doubt what most Christians think of when they hear the term Israel the people of God God called out of Egypt that's Israel that's usually what they think of national physical Israel but Paul tells us in Romans 6 that there's two israels okay not everyone who comes from Israel

descended from Israel that's to be genealogically descent you're an ethnic child of Israel you come from Jacob
you're Israel not all those belong to Israel we know that one of these is National physical Israel that's all people know about that's all they think about
okay and there's no disagreement that one of them is National physical Israel but who's the other Israel this is where the disagreement comes in well they're not all Israel that are who's Israel who's the true Israel so we have
physical Israel those descendants from Jacob and then we have true Israel so you have physical
Israel and true Israel and Paul is saying that Yahweh's promises haven't failed because the promises were not
unconditionally to each offspring of Abraham they weren't to National Israel the promises were to True
Israel the children of God Yahweh never intended for all the nation of Israel to be redeemed within National Israel was true Israel or spiritual Israel so one could be an Israelite without being an Israelite the promises were the true Israel not National Israel you got to make that
distinction so who is true Israel is it the church yes but what's the church the body of Christ right it's the body of Christ and what I want us to understand
is that Yeshua is true Israel okay he is true Israel it is in him and him alone that the promises of Yahweh are fulfilled they're fulfilled
in Christ so when people say oh well we got to keep the Sabbath I do Yeshua
is the Sabbath he's the Sabbath rest but that Land Is Ours we got to go to that land Yeshua is the land he is the holy
land okay it's all about him it was always all about him all their feast all their sacrifice it all pointed to him and they missed it it's not a bunch a bunch of people over there okay the promises were never to all
physical descendants of Jacob now let me attempt to prove this to you that Yeshua is the true Israel let's look at a text
that clearly refers to physical National Israel Hosea 11:1 when Israel was a child that's the nation Israel is talking about I loved him and out of Egypt I called my son now when you study this text in the context of the entire
book you find out that Hosea is referring to the Exodus out of Egypt of

Jacob's sons that's what he's talking
about nobody wants to argue that okay the problem is when you get to
Matthew Matthew 2:15 Matthew tells us that
Hosea's prophecy was fulfilled in Yeshua and you're like what how's that
talking about Yeshua let me tell you when the New Testament interprets an
Old Testament passage they do it correctly
okay so when you see in the New Testament you say okay I get it what it's
about listen to what it said
Matthew 2:14 and he arose and took the child and his mother by night and
departed to Egypt they're going to Egypt
save the child and remain there until the death of Herod now watch this
was to fulfill what the
Lord had spoken by the prophet he's fulfilling what Hosea said out of Egypt
I've called my son but he's telling us
this isn't about the nation coming out of the land of Egypt it's about my
son Matthew takes a passage from Hosea which clearly refers to National
Israel
and he tells his readers this passage is now fulfilled in Yeshua
he does this to prove to his largely Jewish audience that Yeshua is the serv-
ant of Yahweh foretold throughout
the Tanakh especially in Isaiah Yeshua is the true Israel he is the true Seed
of Abraham and this is the point that Paul makes in Galatians now the
promises were made to
Abraham and his offspring you got to get this verse this verse is so signifi-
cant God made promis
to Abraham and his offspring right so does that mean every physical de-
scendant out of his well no he says it does not
say and to offsprings plural referring to many but referring
to one and your Offspring who's Christ so the abrahamic prom W cove-
nants and
Promises were to Abraham and Christ that's it you got to get that those
promises weren't for all his physical descendants they're Abraham and
Christ
Paul says I'm not referring to many Christians are
Abraham's offspring and we're Heirs of the promise
only because by faith we're United to him who alone is the true Israel true
Abraham's seed Yeshua so in Yeshua we
are partakers of the promise because the promises were made to him and
his offspring look Galatians 3:14 so that
INR CHR Yeshua The Blessing of Abraham might come to the Gentiles so

that we
might receive the promised Spirit through faith see we inherit all the promises God made to Abraham through
Christ everything we are everything we have is by virtue of our Union with
Christ which only comes by
faith listen carefully the abrahamic Covenant was a promise made to Abraham
and Yeshua the Seed of Abraham that he would be great he would be the
father of
many nations and that in him all nations will be blessed they're not blessed
through Abraham they're blessed through his seed which is Christ during
The Exodus Israel's called
yah's son Exodus 4:22 then you shall say to Pharaoh thus says Yahweh Israel
is my
firstborn he's talking about National Israel here okay National Israel
but Paul calls Yeshua God's son and he was declared to be the Son of God
in
power according to the spirit of Holiness by the resurrection from the dead
Yeshua Christ Our Lord so is Israel
God's son or is Yeshua God's son yes he's talking about Yeshua he is the true
Israel Paul also calls Yeshua God's firstborn in Colossians 1:15 he is the
image of the invisible God the firstborn of all creation by calling Yeshua the
son Paul assigns to Yeshua the designation for Israel as God's son
making Yeshua the true Israel and since Yeshua is God's true son then
membership
in the people of Yahweh depends on being rightly related to him and only
rightly
related to him apart from a relationship with Yeshua you cannot be a true
Israelite the psalm this calls Israel yahweh's Vine you brought a vine out of
Egypt you drove out the Nations and planted it national Israel that's what
he's talking about
right what does Yeshua say anything about being a
Vine John 15 I am the True Vine my
father is he's saying over and over I'm the Fulfillment of Israel the promises
come through me Israel is a vine we already saw that in Isaiah 5
Yeshua calls himself the True Vine true Israel only in him are the
promises of Yahweh fulfilled and people get bent out well
that that's spiritually fulfilled I want physical oh yeah you want physical
stuff over
spiritual go ahead have it you want a piece of dirt land over there to have

I'll take Yeshua okay 2 Corinthians 1:20 says for all the promises of God find their yes in him that's Yeshua all the promises of God they're fulfilled in him that's how we receive all these promises that he made to Israel they're ours now they're ours they're passed down through the fathers Abraham Isaac Jacob Christ the two Israel he obeyed where old Covenant Israel failed to obey he obeyed we see this in the Temptation in the wilderness where National Israel failed Christ obeyed every way that Israel proved to be an unrighteous son Yeshua proved that he was the righteous son and what Paul preached does not speak against the promises of Yahweh because Israel is yahweh's people by faith and all who believe in Christ receive the promises that Yahweh made to Israel those are our promises this has been titled fulfillment theology okay a lot of people call it replacement theology we replace no it's fulfillment we fulfilled the promises they're in us they were never made to the nation Israel so it's not we're not replacing them okay they never only the true Israel those promises were only the true Israel it's the church those of us who have trusted Christ we are the Israel of God so people are shouting I stand with Israel amen they're standing with the church okay because we're the Israel of God only Believers are true Jews excuse me look at Galatians 6 and 16 for neither circumcision counts anything whoa that would offend a Jew greatly okay you got to be circumcised you're kicked out okay nor uncircumcision hey that doesn't matter because we're in a new thing now okay what matters is a new creation made by God and as for those who walk by this rule peace on Mercy on them and upon the Israel of God people to understand that Yahweh keeps his Covenant promises you must understand that not all Israel is real true Israel if Yeshua is the true Israel of Yahweh and if the New Testament writers apply to Yeshua those prophecies in the Tanakh referring to Israel as yahweh's son and servant then what is this understanding due to dispensationalists and zionists who believe the nation of Israel yahweh's chosen people the sole

inheritors of yahweh's promises and that you can't be part of Israel unless you're of lineage and nationality first of all there's no lineage today nobody can prove where they're from I saw something last week oh they they bred the first red heer anybody see that and people are getting all excited you just got to scratch your head and think really really people they got a red heer so now we can put everything back together okay first get the genealogical record because you can't be a priest without a genealogical record okay the red heer is not going to do any good if you don't have a priest okay the red heer was just for a cleansing ceremony to you know cleanse you of defilement if you touch a dead body or whatever you don't need any of that because there's no Temple there's no sacrifice there's no priesthood but we got a red heer so it's a good start okay we're going in the right direction and people are going crazy over this stuff I saw another article where this archaeologist over there and he found a crack in a foundation you know because the Lord God's going to split the land when he comes back so he saw this and he's measuring this crack and oh this cracks getting this is the Fulfillment ah it would be funny if it wasn't so sad people the nation of Israel the people of God known as Israel has not existed for 2,000 years all right National Israel was destroyed in ad70 shut down by God he he prophesied it the Lord prophesied it it happened just like he said it would in the time span that he said it would yet everybody's still waiting for it there is no Jewish race today we've gone over this before all the encyclopedia say the Jewish race there is no Jewish race those people are buying into a religious organization or it's not ethnic okay Yahweh put put an end to Judaism the last days the Bible talks about were the last days of Israel and they're they ended they ended when National Israel ended now many people today still consider the Jewish people as a race but after the destruction of Jerusalem the the nation of Israel after the flesh was scattered throughout the Earth and they lost all tribal relations this scattering was made immutable due to the fact that all the tribal genea-

logical records are destroyed when the temple was destroyed there's no Jewish race but they keep telling you these are Jews and they deserve this land peer reviewed this came out recently peer reviewed genetic research from John Hopkins University shows that 97.5% of judaic Israel Israelis actually have no ancient Hebrew blood none 97.5% and no ancestral right to any Palestinian land and actually are not semites so here's the thing when they accuse you of being anti-semitic they're not semites they're just playing a game they're khazarians okay they don't belong to the nation Israel never had any connection with the nation of Israel they got intermarried they got all mixed up here's also what John Hopkins said while 80% of Palestinian have ancient Hebrew blood they have the ancestral right to the land they are the semites the Palestinians are the semites so if you're against Palestine which most Christians are then I guess you're anti-semitic okay but if you're against Israel You're not anti-semitic because they're not semites and people if you really get into this and dig into the Rothchilds and all this history you're going to find out that these are some of the most evil people on the face of the the Earth the people that call themselves Jews they've committed so many atrocities they run our banks okay they run the media they control the world this is the Deep state that people talk about okay it's all control it's all control and they're at the top of this thing okay Christian zionists believe that the national Jews deserve by right the land of Palestine as their own modern unbelieving Jews have absolutely no theological no historical no legal right to that land they stole it from the people who live there modern day Judaism is a cult they're listen I told my neighbor who's a Zionist this and she didn't like it Israel are Christ rejecting God haters okay that's what people who call themselves Jews they're Christ rejecting God haters and yet Christians want to support them you go over there as a Christian they'll spit on you they'll do you know it's it's amazing you know and if you read some of the Talman and what it has

to say about Christ it's
Blasphemous they hate Christians and what we believe in but Christians
are all about them we got to support them we
just so so ignorant Christian
Zionism which is most of churchianity today holds to is blasphemy
listen what first John said now heggly must not have read this he do under-
stand
it who is a liar he who denies that Yeshua is the
Christ would Jews deny that absolutely this is
Antichrist this is not somebody we're supposed to get behind and support
and protect and care for it's
Antichrist Judaism denies the son and is a cult and unless the Jews turn to
Yeshua and Faith they remain under the curse of Yahweh Believers we have
to understand
we owe no Allegiance no support to those who say they're Jews but are not
Revelation 2:9 Revelation 3:9 calls them the synagogue of
Satan wow that's pretty strong that's pretty strong language right those who
say they're Jews and are not but are of the synagogue of Satan who would
say they're Jews but are not Jews right who
else is going to say I'm a Jew National Israel we're Jews no you're the syna-
gogue of Satan that's what the Lord
said I'm going to side with him okay so you don't need to get out your flags
and
start waving the Palestinian flag and you know I am I am for I am against
innocent people being slaughtered okay so you got the governments that
are getting involved in this war while that
people are going to be the ones who are suffering for it they're going to get
slaughtered so I'm against killing
Palestinian children I'm against killing Israeli children
okay and what's happening in the Middle East today we have to understand
has nothing to do with Biblical prophecy
nothing at all but if we go to war it's
going to affect us all it's going to affect us all they're trying to take us into
World War III it will affect us so
I'm asking you to pray for the people in Israel the people pray for the peo-
ple in Gaza their Vic in all this but
understand what you're being told is not the truth okay there's no way a
bunch of people with homemade paragliders lwn
more engines flew in there and just slaughtered so many people in Israel if
you know anything about the Israeli

State you know this this doesn't just happen okay it's a 911 it's a false flag they want to go to war they're doing all they can to get us in war and already so many of the rhinos are yeah we got to get this we got to get in there and Kill Them All wipe Gaza out Israel love that take over the land but remember the average age of people living in the Gaza Strip is 17 that should tell you how many children are there these children are Hamas okay they're kids and so just don't believe the hype but understand that what's going on over there is not biblical there's no prophecy being fulfilled no one we got to stand with or support other than people who are innocent we should be people of Peace because War doesn't do anything good for except for the Deep State who makes tons of money at it so all right let's pray father I thank you for your great love for us Lord I Thank you that we have inherited the promises Lord what a joy what what a privilege to be your people and yet there's this false notion that these physical people over there in Israel somehow connected to you you when they hate you they hate your son give us a clear understanding Lord help us to stand on the side of Peace Lord we don't want to see people slaughtered over there either israelies or Palestinians father we pray for the Palestinian Christians over there Lord that just have to be terrified right now what's going on strengthen them encourage them bless them Lord through this time we pray amen questions comments David I went to Seminary went to a dispensational seminary I was taught I'm sorry I was taught that the promises to Israel national Israel were unconditional and unilateral therefore the the promise of the land and that they will still be his people in some future time stands true because God doesn't break his promises and see and I agree with that but they just don't know who Israel is that's the whole problem they are unconditional that applies then to National Israel right exactly true Israel they don't understand the distinction that so they're all about is well God made a promise the land is theirs forever Christ is our land okay he's the Holy Land he We inherited him all

this
stuff is inherited in Christ so there's no you know there's no this physical
PE people anymore it never was a physical
people that's what Romans is all about Romans 9:111 is all about God
didn't break any
promises read Romans n9ine just read it and you see this standing out
okay whoa we got a lot of comments here [Laughter]
holy oh come September 10th 20 2001 darnold
rumsfeld announced that the Pentagon could not account for 2.3 trillion
in
transactions yeah yeah we know that you know what happened the next
day 911 yay
the following day that was forgotten about forever good timing yeah I
mean again
people like I said I I just I think we have to be thinking people when we
hear something we have to think about that is
that true how's that fit is this really accurate I understand where it's coming
from you know one of the ways just
follow the money okay if the people are being paid to say what they're say-
ing then you got to be careful what side
they're on or what they're announcing whatever else because it's just like I
said I watched it live and I said
NOP this is not real it goes further than that the first attack was in 93 mhm
yeah well that's that's the thing if you go back okay Pearl Harbor was a false
flag they knew they our government knew
they were coming why didn't they stop him cuz they wanted to get in the
war now the people are
behind them after P Harbor let's go get him believe you just our govern-
ment is
governments period are sick and evil yeah not just ours it's it's worldwide
Gary I forgot now all right I'll go on when you think about
it from Norm he says amen David there is no such thing as a genuine He-
brew today
not one person claiming to be Jewish has a drop of Abraham's blood there's
no Temple there's no records of
genealogy um to put it bluntly they are
gone we are not again false Flags waving in the sea of ignorance it's just I
think some people
have a hard time our government would never do that they would they just
would never do that man if you look at 9911

look what they did and they still and I hear news people talking about oh the attack and I'm like are you still buying that story I mean you still buying that first of all go to Pennsylvania where the plane crashed the one there there's not a scrap of plane there this this plane when it hit in Pennsylvania the field it vaporized these huge huge Motors disappeared all the suits all the the chairs and the people they just vanished there's a big hole people going oh it's horrible like don't this make you think the Pentagon yeah this plane made this little hole no wings no motor no I mean this stuff doesn't just vaporize I've been in a plane wreck and when I walked away there's Parts scattered all over they don't disappear okay unless the government's involved then they can disappear Gary um the kind of separ but problem for most modern Christians is that they don't even realize or never been taught or informed that Jerusalem was destroyed well that's true they lived there for the whole time it was never ended yeah that is a problem that ad70 is not something that many people know about okay they don't know what happened there so they don't you know they just figure hey talk so when they read the Bible that's how they see it da good question yeah that study of John Hopkins is saying that they know what pure ancient Israeli blood is saying that there are true ancient Israelites well they said that the Palestinians 80% of them you know have this I don't know how they know right you know maybe maybe back then you know some of these Hebrews took some blood samples and stored it up for us for later again that's the that's the thing though we got to question everything okay it's just impossible to kind of know if they really are and you know who writes the the history books the winners the victors and so they they write what they want to write and you're going to believe what they tell you and I'm telling you it's getting to the point now where I don't believe much about history that I've been taught I really don't because it's just again there's so many lies and you wonder why what are they trying to do

you know whoa from California amen absolutely no
prophecy is being fulfilled today just the script that the families that control
the nations of the world have
put in place they want to fulfill their idea of a satanic uh Utopia and cost of
every at
the cost of all these lives biblical eschatology matters the fact that the ma-
jority of evangelicals still believe
in a devil and still future coming of Christ is the reason why the church is
not able to effectively combat this
false eschatology uh and that's that is so true I mean that it's just eschatolo-
gy does matter and you're
thinking this is in the future that I mean like that preacher I showed lock
we got to blow up the mosque so we can
bring in the coming of Christ okay we got to do it yeah we are
going to do it wow these texts none of them are short uh good afternoon
from Rick and
Holly hey Rick good to good to have you with us where we live the predom
view is
that if you reject Israel then you are boastful Wild Olive Gentile branches
who
are in danger of being ripped out of the natural one the depth of this belief
in
the natural versus the wild has such a grip on the minds they believe the
time
of the Gentiles will end and natural Israel will then convert to Christianity
and accept Jesus how do we begin to break down this belief and get them
to see what the Bible actually says they're
terrified that if they get this wrong they could be one of those who fall away
at the end of the world it has a
powerful grip on their psyche my heart hurts for that this is true a lot of
these people they're just ill-informed
but again I just would encourage people to read their Bible read your Bible
get
used to the prophecies against Israel God they're his people but they're
messed up so he's going to judge them
get I mean get get familiar with these parables in the New Testament where
the Lord says this you know take people to
their Bibles and start showing them what the Lord says all right and I think
if
if people could understand historically what happened in ad70 God said

he's done with them he
didn't leave it open to interpretation he shut it down no sacrifices no
priesthood no nothing sense but yet people are still going to you know
temples and and pretending they're
judaist and like like the heart of Judaism was sacrifice how do you get away
with not
having any of this re I mean they still do the feast days but they don't repre-
sent the feast
days because major part of that was sacrifice how do they do
that 70 Bulls they're act they're sacrificing
none but they say they're Jud they're JW they're not biblical Judaism and
that's what we have to understand people it's
just not what the Bible teaches they're gone but so many people have this
belief that that there's still Jews out there
okay culmination a very long mind control operation oh absolutely again
that's because the Kazarian Mafia owns the media they tell us and like you
said
earlier the CIA a lot of the people um what's that guy with the short gray
hair
uh what's his name no come [Music] on Anderson Cooper Anderson
Cooper
Anderson Cooper was CIA train CIA they put these CI Ops in the media
to control mind control it's called operation Mockingbird will teach the
people and we
sit there in front of the television and we just stare oh yeah oh yeah I hav-
en't watched since the last election have not
watched news because they're Liars what's the point Kathy gets so frustrat-
ed I mean she reads an article
for me listen to this article I'm like bull they're making that crap up unless
I know I'm and I'm a skeptic okay and that's fine I'll be a skeptic because
what I mean the vaccine it's 100% safe it's a definitely fixes you it was all
lies an official today last week came out and said I apologize to those who
did not get vaccinated because we pressured you we were wrong the whole
time they're starting to come out and
admit it now okay they lie they lie they lie so if they want you to do some-
thing
if they're offering you you get a Hamburg and fries if you come get a vacci-
nation no thanks no
thanks you know if they got to push it that hard you know something is
wrong still giving folks I think it's either

two or two and a half days administrative leave if they get a booster shot
wow you know if anybody's
still involved in this you wonder what plan I've been living you know how
many people are dying every day I see young
people 20 years old young athletes 17 years old dying of a heart attack and
it's like oh that's just normal no it's
not people it's not normal at all uh junior from Canada great message Pas-
tor
wonderfully put together can you please write a short book on the specific
message to help us with the sheeple it's
so relevant today yes I post the transcripts online that's my book okay that's
my book on that message people
always want you write a book I told I'm not old enough to write yet I got to
figure out what I believe first okay and if I ever figure it out maybe I'll
write excellent message very informative this should be required listening
in every Church oh I would love to do that
how can we do that how can we make this required you know well here's
the interesting thing
there is a there's a school in the Philippines that uses my material and you
have to sit then watch the material
and pass the course you know so like it blows my mind because they send
me pictures of the you know here's the
class and they got me on the screen up front preaching eschatology and I'm
like this is so [Laughter]
cool but you know most of the churches like I I showed you that guy I
mean I mean they're all dressed in Israel Garb
and Flying Flags and yes yes we're all about Israel if they had a clue what
Israel really was about and wanting to
do David so that's my question is if Israel is so uh blatantly
Antichrist why isn't it obvious to all these Christians because they're all cuz
I
don't think they even know what Israel they just know the Bible says you
know he that touches Israel touches the apple
of God so we got to be on Israel's side they don't know what's going on over
there yeah they don't read they don't study they're not aware of what people
over there believe how they treat Christians sheeple they use their our vir-
tues against us Christians are you
know I'll tell you one thing about Israel they are very pro-abortion
very pro-abortion so you know they're all cry oh these head they beheaded
these children I'm like don't you do

that all the time right you know but I don't think it happened but stand uh
what do you think it means by Saving Israel for last about what he's talking
geopolitically here the the Patriot movement they're saving Israel for last
Israel's a deep State okay just like uh Ukraine is a deep State Hub Taiwan is
a
deep State Hub and so is Israel and so they're trying to wipe out the Deep
state in these areas so they can get
things under control that's all I know I know what they tell me I don't again
I you just you're subject to what people
say I would have loved so badly to get over to Israel this week and see
what's going on so I could say I could see
what's happening but you know I know this for sure there were civilian
flights going in and out cuz there's a flight tracker okay you can watch
where these flights are going in and out of
Israel all week long and I thought they're in war and this this flights are just
coming in landing don't bomb us
we're just here private citizens that none of this adds up okay none of it
makes sense mean you could get in your
jet and go over there Trevor from Georgia how close do you think dispen-
sational zionists will take us
toward World War III as far as they can they're pushing it our politicians
are
like we got to get in the why would anybody want to be so Happ at starting
a
war I don't get it war is terrible the tribulation yeah well
that's it they're going to bring it in themselves uh this is from Gary and
Chris and Pa good morning thank you for
your sincerity to our great God excellent Dave I'm seeing that all my study-
ing researching and praying has not
been in vain because just about everything you have said I have been say-
ing to my brothers and sisters and
friends the future of Zionist disease is absolutely harmful and sad the sad
thing
is many of our politicians buy into the Zionist thing we got to stand by
Israel yeah like you said earlier
Palestine doesn't equal Hamas you ask to have a Christian then there's no
difference right and that's why
Christians are like you know if you say you're four Palestinians and they're
like you're a terrorist supporter
Palestinians are not all terrorist are the moral fabric of this country so if

you can control their minds you can
control the decisions that are made for for military operations and that's
what they're doing
you know like I said the Republicans are beating the drums now let's get to
war let's get to war we're over you know we got to tear them up and it just
Grieves
my heart because I think of all these children you know they're being
bombed now they're being starved and you know
you're a parent over there and you have these kids and you're just you're
stuck in a prison you can't leave and they're
just raining down on videos of what the Palestinians have to go through
the gate
guards and all that stuff to enter into Israel that go to work every day right
that show you know the type of
Oppression that they're under and you know and I've heard and I don't
know this is true because I you know but I
heard from a firsthand source that he says the Israelis they'll go into Pales-
tine and spray garbage on their
house spray sewage on their house dump garbage just to torment them
they want them out of there wow they want them out
of there uh I don't know who this is from they say dispensational preachers
have a
Heyday probably going to sell Rapture tickets yeah probably greetings from
a faithful listener in the Socialist state
of Washington hey Bill good to have you listening with us Bonnie Bonnie
says amen thank you you're welcome Bonnie appreciate you watching um
Shelly
uh Carlin says this was a fantastic discussion thank you I'm about to start a
firestorm on
Facebook but what's new looking forward to dropping the link to this on
them uh
they changed their Ukrainian Flags to Israel Flags I know isn't that crazy
they I saw kind of a sitcom thing for
the a comedian and he was just tormented because he didn't know on so-
cial media should I post the Israel flag or should
I post the you know the Palestinian flag and he's like which one will get me
the best you know and I'm thinking this is
so ridiculous you know but that's what people are I put my Israeli flag up
there you know people say I stand with
Israel well you better know who you're standing with John Maloney Pastor

David Christ

being the Fulfillment of the land promises beautiful spiritual truth indeed
when Christ placed his blood on

The Mercy Seat in heaven he was declared King Lord of Heaven and every
inch of

Earth as well that included the little strip of land known as Palestine in
Israel could that also be understood as

a fulfillment of the land promise absolutely that's a fulfillment of the land
promise Christ fulfills all the promises all promises are Amen in him

okay he fulfills them all so there's no doubt you know the Israel is the size
of New Jersey that's all the land mass it

takes up but like I said they got one of the best armies one of the most tech-
nically Advanced that's a walled

place and to think these people just got in their things and flew over there
and no one even knew they were coming you

know the rali they knew they were going to receive for

it uh Roger Nicole he said can you give light on books and more about him
no I

can't I don't know who he is sorry Roger

Nicole what's a good book for an intro to prism um there's a couple good
books

um GL Glenn's book yeah Glenn uh Glenn

Hills book what's it called Christianity's great dilemma there's the book
book The Second

Coming the one we just talked about um that is reprinted and is out now
again

what is the name of that I can't even think of the name but yeah there's
several good books uh the ruse book is

is a good book what is the name of theirs why are we still waiting by Pete
and Rachel Rue you can find those on Amazon so jary Mar book's good
which one

he's got 35 last day's Madness I thought was yeah last says Madness is a
good book If you

go on that I think it's ethro Christian I forget the link now but they
actually have uh 20 some PDF uh version of books from people from
like early 1900s oh really that were writing about fulfilled eschatology yeah
there's a lot of information out there

okay someone says there is much prophecy being fulfilled in Ohio our
roads are full of cracks no no the cracks have to

be the cracks have to be on the mount okay this is Glenn's book Christian-

ity's
great dilemma you can order this online you can order this directly from
Glenn
good book there oh my Lord someone says don't forget to
mention Deuteronomy 28 the blessings and cursings of Israel Tom that's so
true I mean if you're familiar with
Deuteronomy 28 you got 15 verses of God said I will do this I will bless you
if
you obey me I will B and 15 verses of blessing then about 45 verses if you
don't and he just goes through the
judgments and you see this fulfilled in 87 I mean that's the thing God said
if you obey me I'll bless you if you don't
I will judge you and yet they're Christ rejecting God haters but the Chris-
tians are want to stand beside them
and uh someone I don't know who this is from they say well I will not bless
what Yahweh has cursed amen amen say my
biggest problem with Christians who adhere to Zionism is they obviously
don't believe yeshua's Proclamation on
the cross that it is finished well that's true also
sh oh my husband and I are glad we have found you on Rumble we left the
brick
and mortar Church in our area in 2014 every church that is local to us has
been infiltrated with false Doctrine New
Apostolic Reformation we're in Texas but we'll be watching ing past ser-
mons and future ones pastors who teach verse by
verse as well as talk about Zionism are pastors who teach verse by verse as
well
as talk about Zionism are lacking thank you for speaking the truth no
matter
what the backlash yeah I never have worried too much about backlash
maybe I should I don't know I'm not not smart
enough I guess yes Dan you know thinking about you know if
they ever did get to build the temple which is not going to happen Christ
sacrifice would be for
nothing well this is what bothered me when I was a dispensationalist in the
Millennium we're going to go back to
offering sacrifices and I'm like well the book of Hebrews kind of puts an
end to that but
we're Christ is here and then we're going to go back to the picture when we
have the reality you know when I was at Sea I had pictures of my wife all

over the top of
my bunk you know looking at her when I got home didn't have those pictures anymore pasted all over that'd be dumb I had her why do I need these pictures you
know it's crazy but they want to go back to the picture we're to sacrifice Christ is here no the Millennium so
misunderstood about all this Gary um sad thing I see is the people who want to rebuild the Temple and raise the red hempers and all I have their
faith is in their Works God needs help
interesting yeah I think there well like that preacher I just showed you know we going to blow up the MTH so we can bring
in the second coming we got to do it you
know right Alex forget [Laughter]
everything uh yeah it'll be interesting to see if this this message goes it stays on
YouTube and that's why I I encourage people move to rumble okay move to rumble Rumble is a safe platform Rumble is not going to discriminate they're not going to take you down because you say
something they don't like and let me put in another word for gab too social media gab you know you can say on gab whatever
you want to say because they're they're they're not going to screen you they're not going to scrutinize what you say
because it's a free platform and Andrew torba who's you know invented that thing and runs that thing is a Christian and
he's just like we're not going to censor people and they've had governments call them and say don't put this and they
said pound sand you ain't telling us what to do because you know it's a it's truly I think the only free platform out there right now is Gab rumble's in
the same line they're they're putting stuff
up it doesn't matter here's the thing you make the decision if you don't like what someone's saying don't listen to them shut him off you know reject him as
a friend or whatever you don't need a government doing that for what the government right now is trying to get more involved and tell social media you
can't put this stuff up there cuz see we're so we have so much information right now you know they're posting these pictures of the war and showing these violent scenes and then someone come up and said these these pictures are from

two years ago because you can do that right you can find out you show the picture boom
and you can trace it'll tell where it came from when it you know and so they can't get away with anymore what they've been getting away with thank God okay we're making progress we don't need to be fooled anymore um it's 1:00 I don't know how it got to be that late but let's uh I had fun thanks thanks for writing in your questions thanks for being involved in this we need to talk to people about this though we need to let them know the truth so we can set them free from the bondage of you know how many people are are fearful right now because this means we're going to war this means the second coming is happening this means the tribulation see if you're not a pre-trip person pre-trib Rapture then you got to go through the tribulation and so they're scared to death let's pray we're we're not going to sing we're going to just quit right now because father thank you for your grace to us Lord I pray you'd make us ambassadors Lord for your sake that we'd be telling people we be sharing people the truth of scripture that people don't have to live in fear they can trust you you are in charge you are in control Lord I rejoice in the fact of your Sovereign control of all events help us to Trust You Lord in everything we love you Lord amen have a great week people we will see you next week
