I am David Clarke, from Fareham, and visited your prison, in 2015, as I was invited to speak to members of your staff, inside the prison, and I believe one was a Mr. David Jennings. This was with a view to perform our Punk Rock Opera, in your prison, at Aylesbury. At that time it was agreed in principle.

Further to this, maybe I could assist in the process of rehabilitation and education, of prison inmates, in various ways, helping qualifying inmates.

My brother Michael John Clarke, were both Borstal Graduates, in the 60's, and spent time in Aylesbury Prison and on growing up we turned our lives around, turning our backs on our criminal past, as told I my book, 'Borstal Boys', copies of which will be in your Chaplaincy library. Since then I (we) have worked, since 2001, with many of Asia's most notorious criminals, who have turned their backs on crime, in several prisons, in the Philippines. This was with the help of my brother who was an inmate, in News Bilibid Prison, who died in prison, in 2005 of tuberculosis. Our work is recorded in our joint book, 'Trojan Warriors', and in 2003, I registered or ministry, 'Trojan Horse International (TULIP) Phils. Incorporated, with the Securities Exchange Commission, in the Philippines, which is now registered and an overseas branch, at Companies House, in the UK, which outlines, in detail or primary and secondary objectives

It may be, after consultation with the Chaplaincy, we could share the story of our work, and methods of working to the chaplaincy and inmates, with a view to assist in the formation of self help groups, amongst prisoners after the example of our proven track record, of successful work, already realised in the Philippines. The last time I spoke to prison inmates was, in 2016 at H.M.P. Lewis and my talk was receive well.

I am sure after you make yourself acquainted with our work, you will see the value of the service we offer, with a view to performing our Punk Rock Opera in your prison at some convenient time in the future.
