1998 to 1999.

In 1994 after may fall into unbelief and open sin by the grace and mercy of God was called again to repentance and faith in the lord Jesus Christ. I had remarried and my wife and I agreed to seek the lord and pursue a Christian marriage, as a family. When seeking that end we entering into difficulties and began attending Locks Heath Free Church, and also Warsash Jesus is Lord Church. After a while of attending the Warsash Church I was invited to become a member but due to our marital difficulties I declined.

It was in January 1999 that the elders of Warsash Church made i known to the congregation that they wished to appoint women as elders, and since I know this to be against the word of God, and having the belief they respected my view as a potential member of the church, I informed the elders of this serious error. Martin Lloyd, in the name of all the remaining elders, and acting as the Secretary of the Church, command me to remain silent. The Church also encourage other strange practices such as falling backwards on the floor maintaining that they were slain in the spirt.

This was at the time when the so called Toronto Blessing was being spoken about. I was also aware of the of other odd behaviours and witnessed sinister practices, all done in the name of the Lord Jesus Christ, including the use Rain Sticks, falling on the floor, and barking like dogs and other animals, all in name of Christianity, in public Christian gatherings. None of this was honouring to the Lord Jesus Christ and did not glory God and a best reduced man (made in the Imaged of God) to be lease than a beast licking the dust of the ground. It seemed the whole of the professing Christian world were mesmerized by this strange behaviour and visiting preachers supported and encouraged such practices.

I knew what the scriptures taught in connection with elders. the roles of men, women and children in the church, and knew the doctrines of grace, but I realised the elders at Warsash were un-aquainted with reformed soteriology and were governed by Arminian views.

But sought I sought to be involved with the church, as I felt it was the

right thing to do and having fallen into open sin in the past and wished to follow the lord.

When the elders announced, towards the end of 1998, that they were planing to appoint women as elders, I was alarmed and immediately informed the elders that they were going against scripture. As a result I was commanded to keep silent, and remain silent as they were the elders and that my interpretation of scripture was wrong.

As this was a serious issue I wrote and recorder all that took place and exchanged letters with all concerned. It was soon after that, that I was called to go on a mission of help to Philippines and preach the gospel to many hundreds of prisoners in the Jails through out the Philippines, as recorded in our book, Trojan Warriors.

Now what would you do in that situation?
