Hello David!

Hows your letter of application of support to the church you are applying for membership.

Is there any progress about it.

Praying that with Gods providence through you those problematic issues within that church will be settled .Thank you and glad to hear from you soon.

Pastor William Poloc Sr.

Dear William and Baguio Christ Centred Churches

I have kept you updated of the progress of my Church membership thus far.

I remain still the sole remaining active member of Bierton Strict and Particular Baptists, to date. Please view the video Summary of My Secession.

I have yet to present my case to the Association of Grace Baptists Limited, in order for them to address my charge.

Mean while I have been in attendance of The Hill Park Baptist Church, for almost 3 years, but have not applied for membership, although I was informed, by the former pastor, that there would be no reason to not consider an application for membership from me. See the enclosed letter.

I have also kept you aware of the problem associated with the Hill Park Baptist Church which prevented me from seeking membership, of the Church, to-date. As you will find serious issues arose that to put it mildly cause a convulsion to occur with certain member leaving and resigning their office. It is all to do with the prosperity gospel and from my point of view a direct result of Arminianism. All of which I have reason to believe are being addressed by the eldership at the Church. See my outline of the problems.

An Out line of the Problems the prevented me applying for membership.

I am sure your experience in treating the various doctrinal issue could be of great help the the Elder at Hill Park Baptist. I am sending you a recent sermon derived at the Church by Mike Brown. It might be good if we had a live Facebook chat to discuss these things. I would help me.

Mean while i am still in attendance Hill Park Baptists and have good rea-

son to believe the Church at Hill Park is going through a reformation and I have offer my services, should the Church feel I could be of help.
