Is there any one of your ministers, or you, available to address the issue homosexuality in the Church.

The Reason is ,

In the Uk the National Church of England they are discussing how to include Homosexuals (LGBT community as members of the Church, including same sex marriage. It is also happening the certain Baptists Churches and I wish to address the issue at the Church I attend.

History

When I first went to New Bilibid Prison in 2001 I asked Lucas to ask his men to address the issues of the roles of women in a Christian Church, from a biblical point of view. It was my thinking that since some inmates had been converted in prison, and they had read the bible for themselves, they could give an account of the roles of women in the Church, and do so without the influence of the Churches in the free society who were unable to address the matter.

My reasons were because in the UK at that time they were beginning to appoint women elders in the Church

However Lucas did not wish this the happen because he did not wish to upset the women as the inmates depended upon the women pastors to supply many thing within the prison.

I felt disappointed that no one was willing to address the matter as I believed the elders in NBPTI could have done a good job, It never happened so I wrote the book Mary, Mary Quite Contrary

And now 20 years later all over the UK in many Churches women are being appointed as elders in the Churches and following the issues of LGBT have arisen as I mentioned in Mary, Mary Quite Contrary.

I fell and believe this is a good opportunity and a good testimony, for the cause of the Lord Jesus Christ, if the issue LGBT involvement in a Christian Church could be addressed by Christ Centred Churches.

And I would like to publish your findings

What do you think.?
