

A Testimony Anthony Dolin

I'm always to God for the great things He had done in my life inspire of who am I before Jesus came into my life in 1984, in the time when I was about to lost my hope.

Life in prison is not so easy, but The Lord is so kind and gracious, never abandon me. His Word and His promises comforts and strengthens me. By His grace He has given me a chance to finished my four years course on Bachelor of theology at the New Bilibid Prison. I graduated in 1999.

In the following years, I was also given a privilege to teach at the NBP Theological Institute. At this time I meet David Clark and we work together by sharing the Gospel of Jesus Christ to my fellow inmates, that was in 2001.

By God's grace, I was released in 2009.

Now , Brother David and I are working hand and hand ... proclaiming the Good News to the LOST in generation for God's glory and honour.

We both believed that Salvation is by Grace through faith, Eternal security of the saints,and Justification by faith.

We humbly share our testimony to the world for God's glory.
